

Ukraine in Wartime: forests and forestry science

Data: September 26, 2:00 PM

Place: Richardson Hall, 313 and via Zoom

<https://oregonstate.zoom.us/j/94580133152?pwd=4DkDA0YXyS2aMw26ZVjm5SfxWLQsSO.1>

[Link to Zoom](#)

Dr. Oleksandr Soshenskyi, Associate Prof., National University of Life and Environmental Sciences of Ukraine (NUBIP) (Kyiv, Ukraine)

Research areas: Wildfire management and silviculture, with an emphasis on adaptation to current challenges such as climate change and war damages.

Email: soshenskyi@nubip.edu.ua

Dr. Ihor Neyko, Associate Prof., Vinnytsia National Agrarian University and Deputy Director of Vinnytsia Forest Research Station (Vinnytsia, Ukraine).

Research areas: forest genetic resources, gene conservation, tree breeding (management of seed orchards, progeny tests, provenance tests).

Email: ihor_neyko@ukr.net

About the seminar

We will explore three key areas: Ukraine and life in wartime; Ukraine forests and forestry science; our forest research experience.

This seminar aims to increase awareness of the situation in Ukraine while fostering international solidarity and collaboration within the forest science community.

We invite all interested parties!
Faculty, staff, graduate students

Digital Tools for Data Collection, Silviculture Sharing, and Remote Learning in Forestry

Date: September 30, 2024 10:30-11:30 AM Pacific Time (USA)

Place: Richardson Hall, 107 and via Zoom

<https://oregonstate.zoom.us/j/93092588478?pwd=0LbTDPPwyxa6Hs0Za6YP0nE4Xz60pH.1>

Topic: Tools for remote teaching, presentation and discussion

Dr. Oleksandr Soshenskyi,

Associate Prof., National University of Life and Environmental Sciences of Ukraine (NUBiP) (Kyiv, Ukraine)

Email: soshenskyi@nubip.edu.ua

About the seminar

This seminar will introduce forestry teachers and students to new digital tools that can enhance forest management, data collection, and education. The focus will be on three key areas: Forest data management; sharing information (silviculture practices/different scientific aspects); remote access to forests for teaching/studying

We invite all interested parties!
Faculty, staff, students
