

Cooperation with scientific institutions of NASU and UAAS, educational institutions, scientific centers, production structures.

The Department of Analytical and Bioinorganic Chemistry and Water Quality has always maintained scientific and scientific-methodological ties with educational institutions and research organizations based on the profile of its activities and related areas of cooperation:

- Kyiv National University named after T.G. Shevchenko;
- Institute of General and Inorganic Chemistry of the National Academy of Sciences of Ukraine named after Vernadskyi;
- Technical Center of the National Academy of Sciences of Ukraine;
- Kyiv National University of Food Technologies;
- Southern branch of NUBiP of Ukraine;
- International Environmental Fund "AQUA VITAE";
- "Bottled Water of Ukraine" Association;
- Institute of Bioorganic Chemistry and Petrochemistry of the National Academy of Sciences of Ukraine;
- Institute of Materials Science Problems named after I.M. Frantsevich of the National Academy of Sciences of Ukraine;
- Institute of Colloid Chemistry and Water Chemistry of the National Academy of Sciences of Ukraine;
- the University of Wageningen (Netherlands);
- Institute of Occupational Medicine of the Medical Academy of Ukraine;
- UNESCO International Scientific and Educational Center of Information Technologies and Systems of the National Academy of Sciences and the Ministry of Education and Science of Ukraine;
- Ukrainian State Research Institute "RESURS";
- Kyiv National Medical University;
- Kyiv National Technical University "KPI";
- Research Institute of Physical Chemistry named after L.V. Pysarzhevsky National Academy of Sciences of Ukraine.

The cooperation of the department with scientific and educational institutions of individual departments of Ukraine is confirmed by agreements on partnership or cooperation:

- an agreement on cooperation and organization of relations in the field of substantiating the production of full-fledged agricultural products with the development of recommendations for the creation of food products enriched with iodine in a natural way with the Scientific and Production Company "Yodis" LLC and the International Industrial Concern "Yark-Kyiv".
- agreement on cooperation and organization of mutual relations in the field of creation and use of nano-sized block copolymer systems for transporting poorly soluble medicinal substances in living organisms with Taras Shevchenko Kyiv National University, Laboratory of Heteropolymer Systems, Department of Chemistry of High Molecular Weight Compounds.
- An agreement on joint activities No. 179 dated November 18, 2011 with the Ukrainian State Research Institute "RESURS" on the organization of joint activities in the scientific, educational and innovative spheres with the aim of developing mutually beneficial cooperation.
- an agreement on cooperation with the International Scientific and Educational Center of Information Technologies and Systems of the National Academy of Sciences and the Ministry of Education and Science of Ukraine in the field of analytical electrochemistry of aqueous solutions.
