INFORMATION

Dear colleagues!

We invite you to take part in the 3rd Scientific & Practical Seminar with international participation **"Scientific and informational support of professional training of specialists in crisis conditions"**.

The seminar will be held on March 19, 2026 in a mixed format. Working languages: Ukrainian, English. A link to participate will be sent to participants on the eve of the event.

Thematic directions:

1. Tendencies of digitalization of society..
2. Information support for the training of specialists in the conditions of formal, informal and informal education.
3. Informational support for training specialists in the field of physical culture and sports.
4. Informational and methodical provision of specialist training for the modern labor market (in conditions of uncertainty).
5. International experience of implementing health-creating information technologies for the development of a barrier-free sphere in Ukraine.

According to the results of the seminar, an electronic collection of materials with an ISBN will be published, and participants will receive a certificate and the program. Participation in the seminar is free of charge.

The seminar will include a discussion of the educational program for specialty A 7 Physical Culture and Sports with stakeholders from higher education institutions and a guest lecture by Doctor of Pedagogical Sciences, Professor Serhij Priymak.

To participate, it is necessary to send an application and theses of the speech by e-mail (sem.fks@gmail.com; n.terentyeva@nubip.edu.ua) by March 10, 2026 with the subject "Scientific and practical seminar". Participation in the seminar is free of charge.
