### Theme of the Conference

- Structural Modelling and Analysis
- Experience in Complex Computer-Aided Analysis;
- Analysis of Numerical Methods for Solving Problems of Structural Mechanics;
- Problems of Implementing Design Codes in Computer Programs;
- Structural Reliability Analysis;
- Loads and Effects on Structures;
- Mathematical Modelling of Dynamic or Nonlinear Behaviour of Structural Elements;
- Justification and Development of Design Codes;
- Use of modern industrial software products for the training of civil engineers.

To participate in the conference you have to mail or email your abstract and registration form before **August 01** to [scad@scadsoft.com](mailto:scad@scadsoft.com) or [budmech\\_knuba@ukr.net](mailto:budmech_knuba@ukr.net).

Abstracts of up to two pages should contain the title of the report, the initials and surnames of the authors, company name, city, and state.

The full texts of the accepted reports should be sent no later than **September 12**. They will be collected in electronic form and provided to all conference participants.

The report should be based on original research results and practical recommendations. The text of the report should be available for printing in the **Microsoft Word** format. Margins should be 2 cm on all sides, indent – 1 cm, font – **Times New Roman**, font size – 11, line spacing – single, formulas should be typed with the help of **MathType** or **Equation 3.0**.
