Kyiv**

INFORMATION SHEET

October 02, 2018

**International all-Ukrainian roundtable
«Pest Control: challenges for Ukraine in terms of globalization»**

Location - National University of Life and Environmental Sciences of Ukraine (Kyiv, Heroiv Oborony St, 15, room 309, academic building # 3).

Working hours - 14.00-17.00.

Goal of the event: to discuss the development of Pest Control and Pest Management in Ukraine and worldwide; to establish scientific and educational, commercial, information connections and interaction both at national and international levels; to analyze and identify the ways of solving current problems dealing with bio-protection and bio-hazards evaluation in different economic spheres; to define the urgent issues of legislative control; to increase the efficiency and quality of scientific research and training of specialists and also to determine the priority aspects of mutually beneficial cooperation between higher educational institutions and organizations.

For the first time in Ukraine, within the framework of scientific and technological event, the representatives of organizations and institutions of different fields and spheres of knowledge will be united: leaders and managers of institutions and organizations (agricultural enterprises, food industry, ports, elevators, tobacco industry, mixed feed industry, grain traders), representatives of legislative bodies and the executive branch (the Verkhovna Rada of Ukraine (profile committees), the Cabinet of Ministers of Ukraine (profile sectors), the National Security and Defense Council of Ukraine, the Security Service of Ukraine, State Space Agency of Ukraine, State Service of Ukraine for Food Safety and Consumer Protection, the Ministry of Agrarian Policy and Food of Ukraine, the Ministry of Health of Ukraine, the Ministry of

Infrastructure of Ukraine, the Ministry of Ecology and Natural Resources of Ukraine, the Ministry of Economic Development and Trade of Ukraine, The Ministry for Regional Development, Building and Housing of Ukraine, the Ministry of Education and Science of Ukraine, the State Emergency Service of Ukraine, state agencies), the National Academy of Sciences of Ukraine, the National Academy of Agrarian Sciences of Ukraine, international agencies (FAO, USAID, NATO, OSCE Project Coordinator in Ukraine, EBA, Association4U) and certification bodies, Ukrainian associations, non-governmental organizations, higher education institutions, establishments and organizations.

Topics for roundtable discussion: communication between the legislative and executive authorities, profile public organizations, higher education institutions and scientific establishments, enterprises providing services within Pest Control and Pest Management in the sphere of epidemiological, epizootic and phytosanitary conditions in Ukraine; trans-boundary endangered animal diseases; plant protection and quarantine; monitoring of agrarian waste products biotransformation; food safety control; the state of regulatory and legislative support of Pest Control and Pest Management in Ukraine and worldwide; problems of registration, certification, audit, personnel training and risk insurance; personnel response and equipment of biological laboratories in warehouses for storing highly toxic chemicals and biological products in case of emergency; conditions for safe decontamination of cargoes and vehicles at trans-boundary transit points, construction of fumigation platforms, tanks (customs terminals, logistics facilities, ports, airports, railways, etc.); the use of space technologies and GIS in agriculture, including solving tasks within Pest Control; implementation of EN 16636:2015 «Pest management services. Requirements and competences» at national enterprises providing pest control services.

Within the framework of the event, **an exhibition of scientific achievements of the National University of Life and Environmental Sciences of Ukraine and an informational stand of the NGO "Ukrainian Pest Control Association"** will be organized.

Everyone is welcome.
