

**The cost of learning at NULES of Ukraine (2017-2018 academic year,  
“Bachelor” and “Master” Degree)**

#	Specialties	Tuition fee, UAH	
		Full-time	Part-time
<b>Bachelor: Ukr/Rus language of training</b>			
291	International relations, public communications and regional studios	34000	-
035	Philology. German language and literature (translation included) English and the second foreign language	34000	27000
035	Philology. German language and literature (translation included) German and the second foreign language	34000	27000
051	Economics (Business Economics)	45000	27000
051	Economics (Economic Cybernetics)	45000	27000
071	Accounting and Taxation (Accounting and Audit)	45000	27000
072	Finance, Banking and Credit (Finance and Credit)	45000	27000
073	Management	45000	27000
075	Marketing	45000	27000
081	Law	45000	27000
101	Ecology	34000	27000
121	Software Engineering	45000	27000
015	Professional education	34000	-
053	Psychology	32000	-
122	Computer Science and Information Technology	45000	-
122	Computer Engineering	45000	27000
133	Sectoral engineering	34000	24000
151	Automation and computer-integrated technologies	38000	24000
162	Biotechnology and Bioengineering	34000	27000
181	Food Technology	34000	25000
192	Construction and civil engineering	34000	25000
193	Geodesy and land management	38500	27000
201	Agronomy	34000	24000
202	Plant protection and quarantine	34000	27000
203	Horticulture and viticulture	34000	24000
205	Forestry	34000	24000
205	Forestry (Woodworking and Furniture Technologies)	34000	24000
204	Technology of production and processing of livestock products	34000	24000
206	Landscape gardening	34000	24000
207	Water bioresources and aquaculture	41000	24000
208	Agroengineering	34000	24000
211	Veterinary medicine	46000	-

212	Veterinary hygiene, sanitation and expertise	46000	24000
231	Social work	34000	24000
242	Tourism	34000	-
275	Transport technologies (Automobile transport)	34000	24000
141	Power engineering, electrical engineering and electromechanics (Electrical engineering and electrotechnology)	38000	24000
141	Power engineering, electrical engineering and electromechanics (Power engineering and electrical engineering systems in the agro-industrial complex)	38000	24000
<b>Master: Ukr/Rus language of training</b>			
081	Law	47000	31000
076	Entrepreneurship, Trade and Stock Exchanges (Stock Exchanges)	48000	35000
051	Economics (Business Economics)	48000	35000
051	Economics (Applied Economics)	48000	35000
071	Accounting and Taxation (Accounting and Audit)	48000	35000
072	Finance, Banking and Insurance (Finance and Credit)	48000	35000
073	Management (Administrative Management)	48000	35000
073	Management (Management of Foreign Economic Activity)	48000	35000
073	Management (Management of Organizations and Administration)	48000	35000
073	Management (Management of Investment Activities and International Projects)	48000	-
075	Marketing	48000	35000
193	Geodesy and land management	40000	35000
051	Economics (Economic Cybernetics)	48000	-
122	Computer Science (Computer Ecological and Economic Monitoring)	48000	-
122	Computer Science (Information Control Systems and Technologies)	46000	-
035.04	Philology. Germanic languages and literature (translation included) English and the second foreign language	37000	24000
035.04	Philology. Germanic languages and literature (translation included) German and the second foreign language	37000	24000
011	Educational pedagogical sciences, Pedagogy of higher education	37000	24000
231	Social work	37000	24000
073	Management (School Management)	37000	24000
162	Biotechnology and Bioengineering (Ecological Biotechnology and Bioenergy)	37000	24000
101	Ecology, Ecology and environmental protection	37000	24000
202	Plant Protection and Quarantine (Plant Protection)	37000	24000

202	Plant Protection and Quarantine (Plant Quarantine)	37000	24000
275	Transport technologies (Automobile transport)	40000	24000
208	Agroengineering	40000	24000
151	Automation and computer-integrated technologies (Automated control of technological processes)	40000	-
141	Electric power, electrical engineering and electromechanics (Electrification and automation of agriculture)	40000	24000
141	Electric power, electrical engineering and electromechanics (Electrical engineering systems of power consumption)	40000	24000
141	Electric power, electrical engineering and electromechanics (Power engineering of agricultural production)	40000	24000
207	Water bioresources and aquaculture	44000	24000
204	Technology of production and processing of livestock products	37000	24000
206	Landscape gardening	37000	24000
205	Forestry	37000	-
	Hunting economy	37000	24000
187	Forestry (Woodworking and Furniture Technologies)	37000	24000
181	Food Technologies (Technologies of Storage, Conservation and Processing of Meat)	37000	24000
181	Food Technology (Technology for the Storage and Recycling of Water Bioresources)	37000	28500
152	Metrology and Information and Measurement Technology (Quality, Standardization and Certification)	37000	28500
201	Agronomy (Agronomy)	37000	24000
201	Agronomy (Agrochemistry and Soil Science)	37000	24000
201	Agronomy (Selection and Genetics of Agricultural Cultures)	37000	24000
203	Gardening and viticulture (Gardening)	37000	24000
203	Gardening and Viticulture (Viticulture)	37000	24000
	Sectoral engineering (Machines and equipment of agricultural production)	40000	24000
	Sectoral engineering (Equipment of the forest complex)	40000	24000
192	Construction and civil engineering	34000	-
073	Management (Innovation Management)	37000	-
073	Management (Consultancy)	37000	-
