THE SIGNING OF COOPERATION AGREEMENTS

The Institute of Renewable Energy and Polissya National University have become NULES partners within the TREATY project.

Within the framework of the TREATY project, cooperation agreements have been signed between the National University of Life and Environmental Sciences of Ukraine and two scientific institutions: The Institute of Renewable energy of the National Academy of Sciences of Ukraine and Polissya National University.

The purpose of the agreement is to promote the strengthening of scientific and technical cooperation in the fields of scientific research, innovation and international activities, professional training, institutional development, informing the society, etc.

The partners are strengthening their activities in such areas:
