

## BUILDING SKILLS FOR SUSTAINABLE HOME RENOVATION! TRAINING FOR EXPERTS AND FUTURE ONE-STOP-SHOP ADVISORS

### What is BUSHROSSs?

The **Building Up Skills for Home Renovation One-Stop-Shops** (BUSHROSSs) project aims to enhance the qualifications of professionals involved in **energy-efficient renovation of residential buildings**. We offer **modular training courses** for different professional groups to help establish and operate **One-Stop-Shops (OSS)** that assist homeowners in their renovation journey.

### Who is this training for?

- ◆ **Public administration employees** (municipalities, regions, energy agencies)
- ◆ **Technical experts, lawyers, economists, and social advisors**
- ◆ **Professionals engaged in the energy transition of buildings**

### What will you learn in this course?

- ◆ How to effectively set up and manage **One-Stop-Shops**
- ◆ How to guide homeowners through the renovation process
- ◆ Knowledge of technical, financial, legal, and social aspects of home renovation
- ◆ Practical understanding of renovation funding and available grants
- ◆ Digital and soft skills (e.g., conflict management, mediation)

### How is the training structured?

**MOOC** – Online Course: Flexible modules tailored to different specializations

**Microcredentials:** Earn certificates recognized across Europe

**Train-the-Trainers:** A dedicated program to prepare OSS trainers

**COURSE START:** 2026

**AVAILABLE IN MULTIPLE LANGUAGES**

**WHERE? ONLINE**
