The Project's website is based on the **Word Press Elementor** platform providing easy access to information.
The project website is the main public platform for communication and dissemination of information with regular updates as the Project progresses. The content is presented in English and the National languages of each involving country.

A special section dedicated to news and events in the form of blogs available to all partners.
The "Results" section will contain information is available to the general public as well as EACEA.

http://vet4gseb.eu will be available for at least five years after the Project closes .
