Number of ECTS credits	4					
Number of content modules	,	2				
Course project (work)		-				
Form of assessment	exam					
Indicators of the course fe	or full-time and part-time	e forms of study				
	Full time	Part time				
Year of study	2024/2025	-				
Semester	1	-				
Lectures	30 hours	-				
Seminars	30 hours -					
Laboratory classes	-	-				
Self- study	60 hours	-				
Individual work	-	-				
Number of hours per week for full- time students						

1. Aim, objectives, competences and expected learning outcomes of the discipline

Aim: train the highly qualified specialists on the basis of the processes of the humanization of school, integration of the professional and social-humanitarian base, improvement of the content and structure of the course, use of the achievements of the world and national ideas, common values.

Objectives: study of the history of Ukrainian statehood and the deep understanding of the history of formation of the Ukrainian people and Ukrainian state system, consolidation of the national originality, interpretation of the political activity of the classes and social group in Ukraine at the certain stages of the historical development.

Acquisition of competences:

Integral competence (IC):

ability to solve complex specialised tasks and practical problems in the field of international relations, public communications and regional studies, foreign policy

activities of states, international interactions between states, international organisations and non-state actors, characterised by complexity and uncertainty of conditions and involving the application of social science theories and specialised scientific methods of research into international relations problems.

General competences (GC):

GC 2. The ability to preserve and enhance the moral, cultural and scientific values and achievements of society, based on an understanding of the history and patterns of development of the subject area, its place in the general system of knowledge about nature and society, and in the development of society, technology and technology, and to use different types and forms of physical activity for active recreation and a healthy lifestyle.

GC 3. Ability to learn and master modern knowledge.

GC 5. Ability to work in an international context.

GC 6. Ability to generate new ideas (creativity).

GC 7. Ability to apply knowledge to practical situations.

GC 8. Ability to think abstractly, analyse and synthesise.

GC11. Ability to communicate in a foreign language.

GC12. Ability to locate, process and analyse information from different sources.

GC 13. Critical and self-critical thinking.

Special (professional) competences(SC):

SC 6. Ability to apply the principles of diplomatic and consular service,

diplomatic protocol and etiquette, ability to conduct diplomatic and business correspondence (in Ukrainian and foreign languages).

SC 12. Ability to carry out communication, information and analytical activities in the field of international relations (in Ukrainian and foreign languages).

Expected learning outcomes (ELO):

ELO 01. Knowledge and understanding of the nature of international relations and regional development, the development and state of theoretical research in international relations and world politics, as well as the nature and sources of state policy in the international arena and the activities of other participants in international relations.

ELO 09. To study the problems of international relations, regional development, foreign policy, international communication, using modern political, economic and legal theories and concepts, scientific methods and interdisciplinary approaches, to present the results of research and to make appropriate recommendations.

ELO 16. Understand and defend the national interests of Ukraine in international activities.

5.Tools for assessing expected learning outcomes:

- exam;
- module tests;
- abstracts;
- presentation of practical works.

6. Teaching methods:

- verbal method (lecture, discussion, interview, etc.);
- visual method (illustration, demonstration);
- processing learning resources (note-taking, summarising, reviewing, writing an abstract);
 - video method (remote, multimedia, web-based, etc.);
 - self-study (completing assignments);
 - individual research work.

7. Assessment methods:

- exam;
- oral or written assessment;
- module tests;
- team projects;
- essays and reports;
- presentation of practical works;
- presentations at academic events.

8. Distribution of points received by students

The assessment of students' knowledge and skills is conducted by means of a 100-point scale and is converted into national grades according to Table 1 of

Student's rating,	National grading of e	National grading of exams and credits				
points	exams	credits				
90-100	excellent					
74-89	good	pass				
60-73	satisfactorily					
0-59	unsatisfactorily	fail				

the current *Exam and Credit Regulations at NULES of Ukraine*.

To determine a student's rating in the discipline \mathbf{R}_{DIS} (up to 100 points), the received assessment rating \mathbf{R}_{A} (up to 30 points) is added to the academic performance raiting \mathbf{R}_{AP} (up to 70 points): $\mathbf{R}_{DIS} = \mathbf{R}_{AP} + \mathbf{R}_{A}$.

9. Teaching and learning aids

- e-learning course of the discipline
(https://elearn.nubip.edu.ua/course/view.php?id=3386);

- lectures and presentations (in electronic form);

- textbooks, manuals, tutorials;

- guidelines for studying a discipline by full-time students.
