DEAR COLLEAGUES!

**We sincerely invite you to take part in the Round Table with international participation
«REGULATORY MECHANISMS OF GLOBAL CAPITAL FLOWS»
to be held on October 16, 2020**

**Department of Management named after Professor J. Zavadsky of National University of Life and
Environmental Sciences of Ukraine, the Antimonopoly Committee of Ukraine, the Agrarian
Exchange and Investudio LLC invite you to take part in a round table
«REGULATORY MECHANISMS OF GLOBAL CAPITAL FLOWS»**

State and corporate management in Ukraine are able to adapt to the conditions and specifics of global capital flows and apply adequate mechanisms to attract investment resources and key to effective entry into the global financial system while maintaining national interests and developing competitive positions.

Participation in the event will be useful for representatives of:

- higher educational institutions, scientific institutions;
- corporate and state forms of business;
- stock, investment and commodity markets;
- asset management companies;
- collective investment institutions;
- private pension funds.

During the event we are going to discuss:

- risk management of domestic exporters in the development of globalization processes;
- market measures to regulate the international flows of capital;
- the role of international management in shaping modern approaches to international business;
- technological impact of international trade on economic growth and development in the world and in Ukraine: investment mechanism;
- selection of foreign securities for investment activities;
- trading in foreign securities through a Ukrainian broker on the exchange and over-the-counter market;
- formation of information and network investment structures in the digital age;
- modern investment flows in the system of international and national capital flows, in the form of Domestic;

• modern investment flows in the system of international and national capital flows, in the form of Domestic Bonds. Is investing in DBs an opportunity for the state or a danger for investors?

• number of other important issues.
